NOV 13 2013

Dear Ms. Bugalecki:

Subject: label amendment
Johnson Wax Raid Flea Killer Plus
EPA Registration Number 4822-273
Your email dated November 13, 2013

The application referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable.

A stamped label is enclosed for your records.

If you have any questions regarding this action, please contact Linda A. DeLuise of my team at (703) 305-5428.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Contains sodium nitrite

KEEP OUT OF REACH OF CHILDREN

CAUTION: See additional precautionary statements (**and complete use instructions**) on back) (*inside*)

Net Wt.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USE. Hold container upright. Point valve away from face and press button. (Picture)

FOR SURFACE/CARPET SPRAY:

Hold container (upside)(pointing) down 2-3 feet from surface. Point actuator towards surface and push button. Apply uniformly with sweeping motion. If used on light or delicate upholstery fabrics, test in an inconspicuous place prior to use.

Carpet Application Rate:

Long Shag	1 ft./sec covers 15' x 10'
Medium Shag	1 1/2 ft./sec covers 22' x 10'
Plush/Sculptured	2 ft./sec covers 22' x 15'
Wood/Linoleum	3 ft./sec covers 22' x 20'

IMPORTANT: Only complete coverage of carpets, upholstery and other fabrics will guarantee thorough flea elimination. Treat surfaces uniformly from one end to the other.

FOR USE INDOORS: To kill fleas and ticks hold can 2-3 feet from surfaces to be treated. Be sure to apply uniformly, using a sweeping motion, to rugs, carpets, drapes and all surfaces of upholstered furniture. Treat under and around furniture if pets frequently rest in these areas. Repeat as necessary.

FOR USE IN PET AREA: Treat pet bedding and other pet resting areas as these are primary hiding areas for fleas and ticks. No need to remove pet bedding after treatment. Follow directions as for other indoor areas. For best results, pets should be treated before they return to the treated area.

FOR USE ON CATS AND DOGS: Read entire label before each use. Use only on dogs and cats. Consult a veterinarian before using this product on debilitated, aged, pregnant, or nursing animals. Certain medications can interact with pesticides. Consult a veterinarian before using on medicated animals. Do not use on dogs or cats under 12 weeks. To control fleas (and ticks) on cats and dogs; hold can upright about 10-12 inches from pet. Spray to lightly dampen the animal's coat up to the head. For long-haired pets ruffle the coat and spray against the lay of the hair, spraying directly behind the hand so that spray reaches the skin. Rub into animal's coat to assure even coverage. Use fingers to rub product around eyes, mouth and ears. Do not spray head, genital-anal area or open wounds. **DO NOT OVER APPLY.** Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.
(For best results in controlling tick infestations, spray ticks directly.)

TO KILL: Roaches, waterbugs, silverfish, crickets, spray hiding places such as baseboards, pipes, behind bookcases, cabinets, and other storage areas hitting as many insects as possible.

TO KILL: Ants, centipedes, spiders, sowbugs, carpet beetles, apply directly to as many as possible.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area inaccessible to children.

DISPOSAL: Do Not Puncture or Incinerate!

If empty: This container may be recycled in the few but growing number of communities where aerosol can recycling is available. If recycling is not available, place in trash.

If partially filled: Call your local solid waste agency or 1-800-529-3394 for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through the skin. Keep out of reach of children. Avoid contact with skin, eyes and clothing. Do not remain in enclosed areas after use. Wash hands thoroughly with soap and water after handling and after treating pets. Ventilate enclosed areas before returning. Avoid contamination of food and foodstuffs. Cover and turn off fish aquariums. When spraying rooms, rugs and carpets, remove plants, pets, and birds.

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

4/6

PHYSICAL AND CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

(Additional) Tips (Non-chemical Control Options) [one or more to be chosen from the following list]:

Vacuum rugs, carpets and upholstery thoroughly to remove eggs and larvae. Pay particular attention to areas where pets rest. Be sure to remove and dispose of the vacuum bag so fleas and eggs do not re-infest (the home).

Wash all pet bedding to remove existing fleas and eggs.

Shampoo pets regularly with an EPA-approved flea shampoo.

See your vet for severe flea problems that may require other on-pet control options.

Raid Defense System (Defense System)

- Attack(s) Bugs***
- Control(s) Bugs[†]**
- Prevent(s) Bugs[‡]**

Raid Defense System (Raid Guided Support) helps you work smarter, not harder, to fight bugs. Visit raidkillsbugs.com to identify your bug and best treatment plan.

Use this product to:

Control Bugs

Kill bugs at the source (Kill the bugs you don't see)

[†] Use (this product) to kill fleas (ticks) (fleas and ticks) (adult fleas and ticks) on contact (and hatching eggs for up to 4 months) (in carpets and upholstery). For heavy infestations, first use Raid Flea Killer Plus Fogger.

Use other Raid products to:

Attack Bugs

Kill bugs on contact (Kill the bugs you see)

***Use Raid Flea Killer to kill fleas (ticks) (fleas and ticks) (fleas, ticks and other listed bugs) on contact (in your home) (and on your dog). Read the label to find the right product for your bug problem.**

Prevent Bugs

Help keep bugs out (Keep Bugs Out)

[‡] Use a Raid Max Bug Barrier product to help keep (to keep) fleas (ticks) (fleas and ticks) (fleas, ticks and other listed bugs) out (of your home). Read the label to find the right product for your bug problem.
